Carsman, Ruth W. and Military Man Score at Long Odds-Caloorahatchee Easily Wins a Farcical Steeplechase -John Sanford's Mohawk II. Succeeds

SARATOGA, Aug. 3 .- Sydney Paget's Tradition, at the prohibitive odds of 1 to 20, had an easy thing of it in the Alahama Stakes. for three-year-old fillies, one mile and five sixteenths, this afternoon. Packing 124 pounds, the famous Goldfinch filly enjoyed what was little more than a breezing gallop, while in front all the way, and won under a pull by three parts of a length in 2:16 2-5. The Oneck Stable's Kiamesha, with 118 pounds, ran an excellent race under the circumstances, but at no time was she able to pounds, ran an excellent race under the circumstances, but at no time was she able to extend the winner. William Lakeland's Gold Ten, the only other starter, was fifteen lengths away.

It was another poor day for the form players, as four favorites were unable to make good. In addition to Tradition, the only other successful first choice was George Hill's Caloorahatchee, at odds on, in the teeplechase, over the short course. This affair was a howling farce, for the reason that four out of seven starters were unable to stand up. For that matter, Frank Somers, 30 to 1, who took third money, also fell, but was remounted by Holman and got to the wire within the time limit. After Garter Knot, who was backed down to 3 to 1, showed the way for a mile and a half Owens let Caloora-

horse, was in prime condition. Dugan waited with him, while Israelite, 8 to 1, and Dandelion, 8 to 5 favorite, set the pace to the five furlong pole. Then Oarsman ran over them quickly and came to the judges an easy winner by two lengths in 1:26 1-5. As Israelite began to stop in the final sixteenth, Raird caught him with the favorite, who secured place money by three lengths. John A. Drake met a reverse in the event when Jocund, carrying his colors and money, was

outrun all the way.

Jocund's failure was the forerunner of another defeat for Drake when Runnels, at 9 to 2, finished last in the fifth race, at a mile. He went to the front with Frank Farrell's King Pepper, Rubric and Uncle Urigh, the favorite, but quit like a cheap plater in the stretch. Meanwhile, T. G. Ferguson's Mili-tary Man, a 20 to 1 shot, came from nowhere in the final quarter and with a brilliant turn of speed he won the race in a drive by half a length in 1:41. Senator McCarren's Mad Mullah, 5 to 1, also closed with much courage and power, beating Rubric for the place by horse interfered with Uncle Urigh a furlong

from home, the latter finishing a length and a half out of the money.

Another long shot, George C. B ennett's Ruth W., 15 to 1, won the third event for two-year-olds, at six furlongs. Fred Burlew's Hooray was a hot favorite at 6 to 5, with the linched it up a furlong from the wire, while Hooray weakened near the finish. Then Baird rushed up with Ruth W., who, ridden out, beat Hooray by half a length, in 1:14 3-5. Kansas Price's Belden, 15 to 1, who was off poorly, made up a lot of ground in the stretch and took third money, a length back.

John Sanford's Hockton colt, Mohawk II., 7 to 2 second choice, was victorous in the last event, for maiden two-year olds, five and a half furlongs. John E. Madden's Belmere was a magnetic choice, but he was never a contender and came home unplaced. Harry Payne Whitney's Juggler, who went back in the bettings to 4 to 1, rushed off in front at a terrific pace, leading for five furlengs. Then he tired and Redfern, who had been second all the way with Mr. Sanford's colt, took command and won easily by two lengths. Juggler was second, a length and a half before Fred Burlew's Belisnicker, 7 to 1, who closed resolutely after being pocketed soon after the start. The race was run in 138. The summaries:

SWEET MARIE WINS MATCH. Mare Beats Tiverton in Fastest Three

READVILLE, Aug. 3 .- A big crowd of lovers of harness racing gathered at the track here this afternoon to witness the match race between Sweet Marie and Tiverton for a purse of \$5,000. After losing the first heat the mare won the next two in splendid form, the time of 2:04% for the second heat being by far the best of the year. The time made by Tiverton in the first heat, 2:05%, was also very fast, and the third heat was trotted in 2:06%, making the race the fastest three

The two great trotters met once before this season in a match race, the event being decided at Philadelphia, and Tiverton was the winner. On this account the gelding was the favorite, and although no poolselling was allowed here to-day, many a bet at 5 to 4 and 10 to 9 on Tiverton was quietly laid.

ing her in to-day's race.

The conditions were wellnigh perfect for the race when Starter Frank Walker gave the word for the start in the first heat, and the crowd expected to see some fast trotting. Tiverton had the pole and got away well in the lead. The gelding was a length and a half shead at the quarter in 32 seconds. At the half Sweet Marie had cut down the lead to a length, the time being 1:03%. The gelding was barely leading at the threequarter pole, the time being 1:34%. Rounding to the homestretch the horses were about even, but in the last few rods of the mile Tiver-ton made his lead just half a length, the time

for the heat being 2:05%.

The second heat was a grand race from race, at seven furlongs. Nobody expected him to accomplish much with 120 pounds on his back, but Oarsman, always a fair. pole advantage, the time being 30% seconds. Sweet Marie crept up until their noses were even at the half: time, 1:02%. Around the turn the horses came at a great clip. and nose, but fifty yards from the wire the California mare responded to the flick of the whip and finished half a head to the good.

whip and finished half a head to the good. The time for the mile was 2:04%, equaling the mare's best record and again slashing the best time for the season.

The hard race in the second heat took some of the dash out of Tiverton, and he was unable to keep up his speed in the third and deciding heat. They started evenly, but at the quarter Tiverton led by half a length in 32 seconds. At the half it looked like a win for Tiverton, as he was two lengths to the good, but McDonald resorted to the whip and in the next quarter of a mile Sweet Marie evened matters up. Coming to the wire, Tiverton weakened and Sweet Marie won by two lengths, her driver holding her in.

John Howell challenged McDonald for another match race between the pair of trotters and the latter accepted.

The 2:14 trot furnished some fine sport, Directum Lass winning the money after five heats had been raced. The 2:15 pace went to Billy Waters, Jr., in straight heats, and Albert C. won the 2:25 trot in straight heats.

BELMONT VISITS THE BOOKIES.

CHAIRMAN OF JOCKEY CLUB SHOWS INTEREST IN RING DOINGS

Congressman James S. Wadsworth, Jr., Who May Be New Racing Commissioner, at the Track-Aste Acquires Three Horses-Oaklawn Payorite for Special.

SARATOGA, Aug. 5.—A. L. Aste, known as the Bootblack King, the man who sold Nasturtium to the late W. C. Whitney for \$50,000, was a busy man this afternoon at the racetrack. He made things hum in the selling races and before he got through he had

ing races and before he got through he had all the owners scurrying around trying to protect their horses.

Aste began operations by bidding up Ruth W., the winner of the third race, from \$1,000, her entry price, to \$2,500. He secured her at the latter figure. He then claimed Hooray, who finished second, for \$1,580. In the fifth race he claimed Mad Mullah, the horse that finished second to Military Man. For Mad Mullah he paid \$2,040. For a long time Aste has been a terror to owners who race horses has been a terror to owners who race horses in selling events. Time and again he has purchased high class horses for a more song by either bidding them up or claiming them. In this manner he has won a fortune on the

thoroughbreds.
Congressman James S. Wadsworth, Jr.,
who it is reported is slated to take E. D. Morgan's place on the State Racing Com-mission, was at the track this afternoon. He sat nearly all the afternoon in the box of Stephen Sanford, the father of John Sanford, one of the Racing Commissioners. During the time he was there August Belmont paid him a visit and the three men had a long and animated conference. The purport of their conversation could not be learned, but one of the members of the Jockey Club stated that it was in regard to the appointment of he Racing Commissioners.

Although the term of office of the present

Racing Commissioners expired several months ago, Gov. Higgins has not reappointed August Belmont, John Sanford and E. D. Morgan, who constituted the old board, neither has he appointed new members. It was stated authoritatively to-day that the Governor would make his appointments inside of a week and that Wadsworth would be one of the new commissioners. He will take the place of E. D. Morgan, who is anxious to retire. August Belmont and John Sanford, it was stated

E. D. Morgan, who is anxious to retire. August Belment and John Sanford, it was stated to-night by men high in turf affairs, would be reappointed.

The men who frequent the betting ring were surprised this afternoon to see August Belment in the betting reservations. It was the first time that the chairman of the Jockey Club was ever noticed in the ring during the progress of speculation. He scanned the operations of the layers narrowly, and seemed to take a great interest in the business of the bookmakers.

Jesse Lewisohn, it was reported, won \$20,000 on Ruth W.'s victory. At one time there was as high as 20 to 1 against the Western filly. At post time 10 and 12 to 1 were the ruling prices in the ring. Lewisohn has not operated very heavily since he has been here, but has managed to win a number of big bets.

"Phew!" said Jack Joyner, after Tradition had won the Alabama Stakes and was being cooled out in the paddock. "I am glad that race is over. It's the funniest thing that whenever horses are at prohibitive odds in the betting, like 1 to 20, as Tradition was to-day, they always run a poor race. Tradition ran twenty pounds below her true form and had all she could do to get home in front I don't think I will start her again this season. Although she has eaten well and trained nicely since she has been here, she has lost flesh steadily. She is at least a hundred pounds lighter in flesh to-day than she was this spring."

Dandellon, who finished second in the

nicely since she has been here, she has lost fiesh steadily. She is at least a hundred pounds lighter in fiesh to-day than she was this spring."

Dandellon, who finished second in the opening dash, was out down and very nearly ruined. In the race some one of the contesting horses jumped on his near hind leg just above the hock and cut him severely. He finished with blood trickling down his leg. It will be a week or two before he fully recovers from the injury.

The steeplechase was a farce. Out of the seven contestants five fell. The only two horses that stayed on their feet during the entire two miles were Calcorahatchee and Garter Knot, and they finished first and second, respectively. Frank Somers fell on the backstretch, but Holman, his rider, remounted and rode him over the course for third money. The horse fell again, but Holman again remounted, and after his mount had refused another jump he eventually got him home inside of the five minute limit and secured third money.

Oaklawn, Willie Shields's big chestnut colt, that has an unbroken string of viciories to his credit since the Bennings meetting, is now the favorite for the rich Special Stakes, which will be decided on Saturday. In the last ten days he has shown some very fast trials, and as his opponents are not a particularly high class lot most horsemen regard him as the winner.

Runnels, a fast horse two years ago and one of the few horses that John A. Drake thought good enough to retain when he sold out his horses last fall, tarted in the fifth race and

of the few norses that John A. Drake thought good enough to retain when he sold out his horses last fall, started in the fifth race and pulled up so lame after the finish that he could soarcely hobble back to the stable. George C. Bennett, the big Memphis book-maker, cleaned up a small fortune on his filly Ruth W. He backed her heavily and per-sistently across the board. In the second event for two-year-olds, five and shaff furions; Kiamesha II. Athlete, Toots Mook, Snow and Sidney F. are probably the best. Three-year-olds will run in the third event at a mile, Robador, Humo, Lady Ellison and The Gaddy faguring. In the fifth event, at a mile and three sixteenths, Ascot Belle will probably rule the choice over a small field, including Ismailian and Change over the Ismailian and Foraxond have change over the Ismailian and Change over the Ism

has not been in the public eye of late as much as he was when he could ride in nearly every race.

Horsemen complain that many of the accidents in the steeplechases here are due to the fact that the horses are not permitted to school over the regular course. The only chance the trainers have to give their horses lessons in jumping is on a short training ground with a few obstacles on the Morse Haven lot. This work, it is found, is not adequate to the needs of the cross country horses. The obstacles are very high here and so stiff that unless a horse is a good jumper he is sure to fall. There have been more mishaps at this meeting than at all the other tracks combined.

John W. Gates, after several days of comparative quiet at the racetrack, broke loose to-day and bot enough money on Mohawk II. to win \$25,000. He had the tip early on the colt and he lost no time in wending his way into the betting ring. While there he personally made several wagers. During the time he was busily engaged placing bets, Joe Ullman, the bookmaker, who had an order of \$5,000 to place for Gates on the colt, was circling the ring executing the commission. It was Gates's money that drove Mohawk II.'s odds from 5 to 1 down to 7 to 2 at the close.

John Sanford, one of the State Racing Commissioners, believes that the accident which hefell his filly Adriutha in the opening race to-day was due to the fact that she stepped in a hole. He made this statement to-night and said it was high time that the association paid more attention to the soil of the track. Two years ago his crack horse

Chuctanunda was ruined for racing purposes by stepping in a hole. He ruptured a tendon so badly that he was never able to race again. Other horsemen besides Sanford are complaining about the bad concition of the soil. On Tuesday Leonidas while at work broke down so badly in both foreless that he had to be shot. Yesterday Migraine, the big favorite for the rich Travers Stakes, pulled up so lame after his work that he is now considered a hopeless cripple. The track is blamed for all the accidents.

PITTSBURG, Aug. 3.—Pittsburg broke the New Yorks winning streak to day when they batted out a victory from what seemed like certain defeat. For five innings the Pirases were at the mercy of McGinnity, with only two hits to their credit.

New York started off with a rush, scoring twice in the first on Browne's double, Donlin's triple and McGann's single. Pittsburg tied the score in the sixth on singles by Clymer, Clarke and Leach, but New York got their two back in the seventh, by a single by Donlin, a double by Mertes and a triple by Clarke netted three runs for Pittsburg. Fisherty replaced Leever in the eighth and Wiltse took McGinnity's place, and the slaughter he received was swful. Two bases on balls, a single and two doubles netted five runs, which was quite enough.

New York could do nothing with Flaherty, but one hit being secured of his delivery.

the player. With a heavy stroke its cover bends in against its core of air, compressed at a pressure of 800 pounds to the square inch.
That's what makes it lively.

With an approach shot or a putting stroke its surface of hard rubber wound with thread "gives" just enough to absorb all the shock, but not enough to bring the air cushion into action. That's what makes it dead.

And besides all this, it is absolutely indestructible. You cannot cut or gash it, even with the most severe play with the irons.

That makes it the most economical ball made.

CINCINNATI, Aug. 3.—Inability to bunch their hits off Chech caused the Brooklyns to lose a shut-out game to the Reds here to-day. The visitors secured three triples, two of which were made with none out, but the runner could not score. Dobbs signalized his reentrance in the game by making triples the first two times up. The Reds scored one in the third on Steinfeld's single, a steal coupled with Bergen's bad throw and an out. In the fourth a pass, two singles and a triple put three more Reds over the plate. Kelley singled in the eighth and scored on a wild throw. The score:

present, almost all being close personal acquaintances of the carsmen.

Fred Kafka, president of the club, made the opening speech, complimenting the two. Mulcahy replied for the crew, and speeches were made by Alden S. Swan, Dudley Van Holland, Don Gaylord, W. H. Wagstaff and Jim Pilkington. All the last mentioned save Pikington are old time officers of the club. Besides Mulcahyes father and cousins named McBride and Bullivan, there were present William Mulcare, Robert Owens, Edward Benson and Phil Sinnott. Fred R. Fortmeyer sent his regrets, being too busy with N. A. A. O. affairs to be on hand.

BASTERN LEAGUE.

Robert Hedges, owner of the St. Louis American League Club, saw his men walk the plank yesterday.

Sheridan called Yeager out for interference in the sixth inning yesterday. Yeager atepped in front of the plate as Chase was making a sical. Chase got there, but was sent back. I tager interfered all right, and the decision was ustified, but Chase had the bag stolen, just the same.

Radical action has been taken by the national commission feearding players who have jumped contracts to pisy with clubs not in the national agreement. They are to be blacklisted unless they jump back within ten days. There has been a popular belief for a long time that crookedness in playing the game was the only offense warranting the severe punishment of blacklisting.

Old Subscriber, Clearwater Harbor, Fla.: 1. We are informed on excellent authority that the suggestion to have the game in New Haven decide the series first came from Harvard, not Yale. 2. The Agreement between the two colleges reads as follows:

There shall be two games of baseball between the teams of the two universities. In case of a tie a third game shall be played. "Tie" as here used doubtless means a game aplece. We do not know what the intent was, but the course adopted seems to be logical under the agreement. 3. That was, of course, a question of judgment. 4. We have not heard of much censure. In fact, one of the Harvard adopted, has done so much for Harvard that there a not much inclination to criticise his judgment. chester in Jeresy City; Teronto in Baltimore.
